2003 – 2005	adjunct professor, TV production Seminole Community College (scc-fl.edu) REF: Dr. Patrick Fitzgerald, 407-328-2074

### RECOMMENDATIONS:

"I have had the opportunity to work with Rob on several different types of shoots and production. He is one of the most talented and thoughtful people that I have dealt with as a professional. His skills not only include his camera work, but his editing, story creations and final production are amazing work, I always look forward to working with him every time. One of his key attributes is his ability to capture the image and concept that I have explained from our marketing department."

— *Jack Woodfin, C.E.O., Woodfin & EMC*

"Rob brings so much to the table and is a great person to work with. I highly recommend his production company and have always been pleased with his results."

— *Susan Hogg, President, circle S studio*

"Rob and I have collaborated on projects both for my company and his company, so I know him as a provider of services and a client. In these projects he's worked as some combination of writer, director, cameraman, producer and editor—sometimes all five! Great guy, great talent, great experience all around. I'm slow to recommend a competitor, even a friendly one, to clients, but Rob I can trust to serve my clients well and protect my relationship with the referred client. I have one national client who will only hire us if Rob's part of the package!"

— *Brad Fuller, President, Florida Film & Tape*

"Rob has been the best find for us since opening the bureau. Each time I have referred Rob to clients and/or speakers, they send me the highest praise for his work and he *always* gets call backs for more work. He is that good and his prices for the quality are incomparable. He has an eye for detail that always makes the product better, exceeding the clients' expectations.."

— *Patsy Arnett, President, Arnett & Associates*
